FRANK IS AGAIN SENTENCED TO DIE; PLEADS INNOCENCE

His Execution Will Not Avenge Murder of Mary Phagan, He Declares in Court.

"WILL BE VINDICATED." Calls His Position Hideous and Wants to Live—Death Date Set as June 22.

ATLANTA, Ga., May 10.—Leo M. Frank to-day was resented to be hanged on Tuesday, June 22, for the murder of Mary Phagan. The prisoner in an address to the Court again declared he was innocent of the crime. It was Frank's fourth sentence to death following his conviction. His lawyers said they would push his appeal for a commutation to life imprisonment as rapidly as possible, but the better was the Prison Board would not hear his petition until June. In his statement to the Court, Frank said: "Again I stand before you. Again I can not reiterate that I am innocent of the murder of Mary Phagan. I have absolutely no guilty knowledge."

FEAR OF RIPPER KEEPS CHILDREN OFF THE STREET

Police Urged to Greater Vigilance To-Day Because of Threat to Kill Again.

In the area bounded by Fifth and Fifty-fourth Streets, Fifth and Fifty-fifth Avenues, hardly a child is to be found on the streets to-day or even in the doorways unless guarded by some older person. The threat contained in a letter to Mrs. Nicholas Murray, mother of the crippled child who was slain in the hallway at No. 275 First Avenue a week ago, in which the writer said he would kill another child to-day in the district specified, has been taken literally by the mothers who live there, and instead of being crowded with a franking, shouting throng of youngsters, the pavements in that section of the city are practically deserted except for the usual passing traffic. When the patrolmen from the West Forty-seventh Street Station were turned out on their beats at 8 o'clock this morning, a clipping from The World describing the ripper's letter was read to them and they were urged to be specially vigilant at all times during the day, in order that the maniac might not carry out his threat. Their attention was also called to the fact that any policeman who succeeded in locating the criminal who killed Charlie Murray and Leonard Cohn, the other ripper victims, would be given honorable mention of the most coveted prizes of the service. Mrs. Dorcas Le Counts of No. 285 Avenue D, called the attention of Police Station of the East Twenty-second Street station, in Stuyvesant Park to-day to a man who, she said, had approached several little girls. Schum saw the man sit beside two children on the park benches and talk to them until they ran away. Schum started for the man, who dashed across the lawn. The policeman sought him at Third Avenue. He said he was Frank Ripper, a young man, 25 years old, 5 feet 10 inches tall, and had a mustache. He was talking to children.

What's In the Cup?

The flavour may be agreeable, but appetite isn't the only thing to be considered. The average cup of coffee contains about 2 1/2 grains of caffeine, a powerful drug which is a frequent cause of indigestion, constipation, nervousness, heart trouble and other ills. Some persons are strong enough to use coffee for a time without apparent harm, but repeated doses of its subtle, cumulative drug, caffeine, sooner or later affects even the strong man or woman. Any coffee drinker will benefit from a change to

INSTANT POSTUM

This pure food-drink has a snappy tang, very like the Old Gov't Javas, but it contains no caffeine, nor any other harmful ingredient. It is made of selected wheat, a little wholesome molasses and is pure, invigorating and delicious. And Instant Postum is so easy to make. Put a level teaspoonful in a cup, add hot water, and sugar and cream to taste. The convenience of Instant Postum is seen at a glance. Sold in 30c and 50c tins. Some prefer Postum Cereal—the original form—which must be well boiled, 15c and 25c packages. Grocers sell both kinds, the flavour is equally delicious and the cost per cup is about the same.
